

Pirate party invites

Time to make

Difficulty level

Pritt Craft-It is a comprehensive range of adhesives developed specifically for craft projects. Let your imagination run wild and your creative juices flow with the help of Pritt Craft-It. Have Fun!

What you will need:

Pritt products

- Foam Mounting Tape
- PVA Glue
- Foam Mounting Pads

Materials

- Coloured card
- Paint brush
- Hand made paper
- Scissors

1. Using an A4 size sheet of hand made paper, tear off pieces so that it looks like an old treasure map.
2. Paint the PVA glue over the front to coat it and leave to dry.
3. Using a pencil draw onto your chosen colour of card and make a ribbon banner with the words "Yo Ho Maties" on it.
4. Cut this out leaving a slight border, do the same with the coins, treasure map, pirate, date and place scroll.

5. Position all of the pieces onto the hand made paper. Then using either the foam mounting tape or pads stick the pieces that you would like to give a 3D effect to. For the others use the PVA glue.

Handy Tips

- If your drawing skills are not up to scratch you can always print off the required pictures and collage over them.
